TECHNICAL SKILLS

Languages	Python · Java · HTML/CSS · JavaScript · SQL · PHP · Haskell
Security Tools	Wireshark · Nmap · OWASP ZAP
Frameworks	Flask · React · Next.js · Node.js · Tailwind CSS · Mongoose
Cloud & DevOps	Google Cloud Platform (GCP) · AWS · Microsoft Azure · Git / GitHub
Platforms & OS	Windows Administration · Linux / Unix CLI · macOS · iManage
Productivity	Microsoft 365 (Excel, Word, PowerPoint, Copilot) · Adobe Photoshop / Illustrator
Soft Skills	Technical Documentation · Faculty Collaboration · Agile & Scrum · Ticket-Based Support · Problem Solving

EXPERIENCE

- IT Help Desk Technician** — Southern Connecticut State University, New Haven, CT August 2024 – Present
- Provide technical support and troubleshooting across Windows, macOS, and cloud-based environments in a high-volume university setting
 - Manage user accounts, VPN access (GlobalProtect), and Microsoft 365 administration for faculty and staff
 - Resolve hardware, software, and network issues via walk-up support and ticketing system, maintaining clear documentation
- IT Consultant** — Kelly Services (General Electric), Shelton, CT July 2022 – December 2022
- Executed a secure document migration project using iManage, ensuring data integrity and access controls for confidential corporate records
 - Organized and extracted critical business information into structured reports under tight deadlines

PROJECTS

- SCSU Study Group Scheduler** 2024
- Award-winning full-stack web app — 1st place in CSC-330 final project competition*
- Led development of a fully functional study group platform with student sign-in, forum interaction, post creation, and messaging
 - Built with Flask, Python, and HTML/CSS; integrated a database backend and deployed on Google Cloud Platform (GCP)
 - Awarded first place among all CSC-330 project groups for functionality, design, and deployment
- Tech:** Flask, Python, HTML/CSS, SQL, Google Cloud Platform
- SCSU World Languages & Literature Website** 2023
- Faculty capstone project to redesign and redeploy the SCSU WLL department website*
- Collaborated with faculty members and SCSU webmaster to restructure and redeploy the World Languages & Literature website
 - Implemented improvements in accessibility, interactivity, and UX using HTML/CSS, JavaScript, XAMPP, and SQL
 - Coordinated deliverables and timelines directly with three faculty stakeholders
- Tech:** HTML/CSS, JavaScript, XAMPP, SQL

CERTIFICATIONS & AWARDS

- Google Cybersecurity Professional Certificate** — Google / Coursera 2024
- SANS Foundations – SEC275 Course** — SANS Institute 2022
- AP Computer Science** — College Board 2022
- Cyberstart America – Computer Science Club** — SANS / Cyberstart 2021 – 2022

EDUCATION

- Southern Connecticut State University (SCSU)** August 2022 – Expected May 2026
- Bachelor of Science in Computer Science** — Concentration: Cybersecurity
- GPA: 3.74 | Dean's List 2022 – 2025
- Pursuing Master's in Cybersecurity post-graduation*
